

**EMBASSY OF INDIA
MEXICO CITY**

NOTICE

BIOMETRICS FOR VISA APPLICATIONS

With effect from 1st May, 2018, Visa applicants must have their biometrics (fingerprints and photograph of face) recorded when they submit their applications at the Embassy of India, Mexico City. Henceforth visa applications will not be processed until biometric data is received.

All persons coming for recording their biometric data have to come physically for submission of their Visa applications to the Embassy (Musset 325, Col. Polanco, 11550 Mexico City).

Postal Visa applications received will not be accepted from 1st May 2018 onwards.

Following categories of applicants are exempted from the biometrics requirement:

- i) Applicants below 12 years and above 70 years of age.
- ii) Applicants holding Diplomatic/Official/UN passports.

All the applicants who wish to apply for an Indian Visa are requested to visit this section of the website for regular information regarding any changes/updates in the visa rules and fee schedule.

Note: Please beware of fake websites offering Indian Visa/e-visas related services on behalf of Government of India.

The Embassy has not appointed or authorized any other agency or individual agent to render any service on behalf of the Embassy and it shall not be responsible for any transaction made with unauthorized agencies / agents.

Dated: 18 April 2018
